

Mr. Joe Hau

Company / Organization

Woodlands Hospital

Title

Chief Executive Officer

Location Singapore

Biography

Mr. Joe Hau is the Chief Executive Officer for Woodlands Hospital. He has over two decades of progressive leadership experience spanning tertiary, acute, community, and primary care settings. He brings a robust combination of management, operations, and administrative expertise, coupled with a proven ability to analyse and streamline organisational systems and processes. This consistently results in enhanced productivity, quality, and efficiency in patient care. Mr. Hau has demonstrated exemplary leadership as former CEO and COO of several healthcare institutions, including Ren Ci Hospital, KTPH and YCH, which have benefited from his drive and commitment to clinical and operational excellence with clear, measurable, and sustainable results, and growth. Under his leadership, these institutions have achieved transformative and impactful breakthroughs in enhanced patient care and operational efficiency, whilst extending and deepening collaborative networks across the healthcare and community care sector. Mr Hau was presented with multiple National Awards including the Public Administration Medal (Bronze) National Day Award in 2022, and Public Administration Medal (Silver) National Award (COVID-19) in 2023.

About the Organization

Woodlands Hospital (WH) provides care for the Northern population in Singapore and is designed to ensure seamless transition of care, promote health, and encourage community integration. Spanning an area covering 7.66 hectares, it includes an integrated acute and community hospital with a 1,000-bed capacity offering the full range of healthcare services encompassing acute, sub-acute, rehabilitative and transitional care. The premises also house 400 beds in its long-term care facilities and is fully integrated with the 1.5-ha Woodlands Healing Garden.
