

Datuk Dr. Kuljit Singh

Company / Organization

Association of Private Hospitals Malaysia (APHM)

Title

President

 **Location** Malaysia

Biography

Datuk Dr. Kuljit Singh earned his Master's degree in Otorhinolaryngology from the University of Malaya, Kuala Lumpur, in 2002. Prior to that, he served at Hospital Kuala Lumpur and Hospital Kangar as an ENT Clinical Specialist, and later as Lecturer and ENT Specialist at the University Malaya Medical Centre (UMMC). Since 2007, he has been serving as Consultant ENT Surgeon at Prince Court Medical Centre (PCMC).

An active member of the Malaysian Medical Association (MMA) since 1996, Datuk Dr. Kuljit Singh has contributed extensively at both state and national levels, including serving as Honorary General Secretary from 2013 to 2014. His professional engagements extend internationally, having conducted meetings and delivered presentations across ASEAN countries, building strong networks with leading ENT specialists in the region and beyond.

He served as President of the Malaysian Society of Otorhinolaryngologists in 2007 and was recognized with meritorious awards by the society. A pioneer in minimally invasive sinus surgery, he has recently advanced the use of Imaging Guidance Systems in navigating complex sinus procedures.

Currently, Datuk Dr. Kuljit Singh is the Medical Director at Prince Court Medical Centre (PCMC), Kuala Lumpur. He also holds the positions of President of the Association of Private Hospitals Malaysia (APHM) and President of the Asian Hospital Federation (AHF). His enduring passion is to advance healthcare for the people of Malaysia.

About the Organization

Founded in 1972, the Association of Private Hospitals Malaysia (APHM) is the sole industry association representing private hospitals and medical centers across Malaysia. With over 100 member hospitals (150-167 depending on the source), the association is recognized as a central player in the country's private healthcare sector. APHM's primary objectives are to improve the medical standards of its member hospitals, patient safety, quality assurance, and the skills of healthcare professionals. Its activities include policy dialogue with government agencies, including the Ministry of Health, participation in various national working groups, training for healthcare professionals, and hosting annual conferences and exhibitions. APHM also actively promotes medical tourism both domestically and internationally, contributing to the strengthening of the international competitiveness of Malaysia's healthcare services. Officially recognized by the government as the representative organization of the private hospital sector, APHM's membership includes many major hospital groups and leading independent hospitals.
