Three Days of Innovation and Collaboration

WHX Kuala Lumpur and WHX Labs Kuala Lumpur successfully hosted three days of innovation from July 16 to 18, 2025, at MITEC, Malaysia.

The event gathered healthcare professionals, lab specialists, and industry leaders from Southeast Asia and beyond to explore the latest in medical diagnostics, healthcare solutions, and lab technologies. Through exhibitions, conferences, and interactive sessions, attendees shared insights to shape the future of healthcare in the region.

International Healthcare Week

WHX Kuala Lumpur and WHX Labs Kuala Lumpur is part of International Healthcare Week 2025 (IHW). For the first time ever, in Kuala Lumpur united five of the most influential events in the industry, creating an unparalleled platform for innovation, knowledge sharing, and networking across the entire healthcare ecosystem.

“

We believe this exhibition is a key platform for us to connect with key opinion leaders across Southeast Asia. We're taking this opportunity to strengthen our presence in the region and showcase our technological advancements directly to users.”

• Nursafarina Zainul
Business Development Manager Consultant
SNIBE Co.,Ltd

“

Participating in WHX Kuala Lumpur is a strategic opportunity for Dong A ST to introduce our latest technologies to the Southeast Asian market. This region is experiencing rapid growth in digital health adoption and innovations in chronic disease management.”

• Min Young Lee
Global Business Team 1 / Product & Project Manager, Dong-A ST
